The Chamber of Commerce offers an exciting local advertising program with an extremely low cost per impression. In addition to running ads at other participating locations, you can create multimedia presentations to run in your business and on your website.

Imagine having your own spokesperson represent your company's products and services, capture the public's attention, and turn them into paying customers. A multimedia presentation will bring customers to your store or enhance their experience with your website. Take advantage of this is a great opportunity to get ahead of your competition. Now you can have a 24-hour salesperson deliver your message correctly, each and every time.

Programs available for all budgets.
